

Guidance & Advice You Can Trust ...

Working Together to Meet Your Goals

Akumen Insurance Advisors is a privately owned risk management firm focused on providing solutions to meet the financial needs and objectives of Corporations, Closely Held Businesses, High Net Worth Individuals, Professionals, and Executives who are looking to prosper and grow while controlling all aspects of what may constitute risk to their business or family.

Akumen Client Advantage

Akumen Insurance Advisors is an independent provider of products and services able to meet the needs of clients at every level.

We represent the client! Our job is to build a protective wall around our client that will insulate them from risk. We evaluate our client's needs to align them with the appropriate independent insurer to best serve their void.

We design insurance plans that are value based and objective driven.

Our vision Statement

A team of highly trained and motivated professionals with an unmatched commitment to help our clients reach their goals. This will earn us their confidence and preference. This exceptional pledge will establish our leadership as a diversified risk management and insurance planning organization.
